

The Corporate Sufi Advantage **ENTREPRENEUR FORUMS**

These Forums are particularly suited to entrepreneur associations and their members. So, you might commission one for the association that you represent.

Why Corporate Sufi?

Entrepreneurs, and entrepreneur associations, are defined by the fact that the status quo is not an option. At Corporate Sufi we share this passion for finding new and better ways to do things – hence the broader and deeper philosophy that we call Business, Balance & Beyond.

What do our Entrepreneur Forums include?

Before we put a Forum together we will consult with you to identify your members' greatest challenges and their ideal objectives. This leads to the following:

- A highly interactive session for up to 50 participants, typically 90 minutes to half a day
- A hotbed of ideas from the entrepreneurial think tank that quickly develops
- A 90-Day Personal Score Card for keeping track of progress
- A condensed version of one of Azim's e-books
- Post-event follow-up with recommendations for sustaining the message, and building on learnings
