AZIM JAMAL BIO

Speaker. Coach. Author.

Azim Jamal is the founder of Corporate Sufi Worldwide Inc., a company dedicated to inspiring and empowering leaders at all levels to achieve material success, blended with a deep sense of purpose, passion and fulfillment. He calls this the synergy of Business, Balance & Beyond, and it's achieved by unleashing the power within that we all share.

Azim is the author of several highly-acclaimed books including, "What you Seek is Seeking You", co-authored with Brian Tracy . He has twice been a # 1 Amazon bestselling author; and in 2005 topped Harry Potter.

He has also been a # 1 bestseller with Barnes & Noble with his co-authored book - "The Power of Giving", which won the Nautilus Gold Award in May 2009 for books that change lives. Previous winners have included the Dalai Lama, Deepak Chopra and Eckhart Tolle, and Azim's books have been translated into ten languages.

Most importantly, Azim is a living, breathing example of the Corporate Sufi message.

He was once a highly successful accountant, but when moved by the plight and inner strength of refugees he went to serve, Azim made a life-altering decision that transformed his mission from "accounting for business" to "accounting for life".

He has conducted high level coaching assignments with senior leaders from billion-dollar corporations and Fortune 500 companies. His clients include Barclays Bank, KPMG, Deloitte & Touche, Citibank, Vodacom, Allergan, Standard Chartered Bank, Young Presidents' Organization (YPO), Varian Medical Services and the Entrepreneurs' Organization (EO).

His dynamic, inspiring and thought-provoking message has been heard live by over 1 million people in more than 100 cities in five continents. And his media message has reached more than 5 million people around the world.

"Thank you for the fantastic presentation that you put on for our staff. Based on the feedback that I received from managers and employees alike, you really touched them. They took to heart the many excellent recommendations that you made and I have already seen positive changes as a result of your presentation. To me the most important ingredient for a speaker to have is commitment to their convictions. This you have in spades and it comes through in your presentation. Without this conviction, the presentation is merely words without substance. I have heard far too many presentations where the message was canned and had no real heart. You spoke from your beliefs and you were able to leave an imprint of your beliefs on each of our staff. The result should be more fulfilled employees and people in general. "We will be organizing another staff training day and will ask you to come in again to present some more insights. We will also look forward to your many inspiring stories. These stories still resonate with our staff and will continue to provide them with inspiration."

In fact, we have accepted our inefficiencies and inability to manage so many things as a part of corporate life. Shamira Mitha, Public Relations Manager, Le Méridien, Dubai

"Your presentation was absolute perfection and mesmerizing to say the least. I have no doubts in my mind that every individual who attended your presentation on the day was motivated in every aspect of their lives. 'Seven Steps to Lasting Happiness' comes alive in a presentation, what more can one ask for? You believe in what you speak. I was very fortunate to have attended three of your presentations and never once felt there was any kind of repetition. It is amazing how you reach out to people from all walks of life with age being no barrier. Your motivation continues to live on through your books. What I have written is straight from the heart."

Patricia Bebia Mawa, MD, Silvertrust Communications, Toronto, Canada

"Every statement was a nugget. I didn't want to miss a word, not even when there was a need to use the bathroom. Your keynote was engaging, insightful and practical. What a wonderful presentation."

Endorsement #1:

Francis O'Kello, Chairman of Barclay's Bank, and Chairman of Serena Hotels, Kenya

"It was great spending two solid days with you in Naivasha during this past week. Thanks for your inspiring post dinner presentation and for productively facilitating the Strategy Sessions. It was great reconnecting and seeing you in action during the BBK's retreat in Naivasha."

Endorsement #2:

Abdi Mohamed, MD Barclays Bank Tanzania & Former COO of Barclays Bank Kenya

"I have worked with Azim Jamal both as an MD of Barclays Tanzania and COO of Barclays Kenya. Azim has been personable, passionate and totally focused on the task at hand. This has been excellent from a qualitative point of view, but as a banker, I was also interested in the numbers. So I was pleased that his combined sessions in Kenya and Tanzania garnered a 9.5 plus rating out of 10 score for impact, delivery and engagement from 101 participants!"

What has been most interesting is the overall philosophy behind Azim's approach. He calls it the synergy of Business, Balance & Beyond, and this gives people an inspiring, practical and an engaging way to think about performance and transformational leadership!"
